NUMBER 6.

Echoes of the Storm.

The wind storm which passed over this section Monday night did considerable damage to trees, barns and fencing. The stock barn of John T. Hedges, on the Horace Miller farm, was leveled to the ground, killing several head of stock. Mr. Hedges had \$1,000 cyclone insurance on the barn. On the North Middletown pike, near the half-way place, a huge oak tree was blown down, falling across the pike, interrupting travel for several hours. The phones throughout the county were put out of business, the wires being down in many places.

The election took place in the presence of 129 of the Senators and Representatives of the State and of Gov. J. C. W. Beckham, who occupied a seat with Lieut. Gov. Thorne, who presided over the joint assembly. In a short speech to the House Gov. Beckham said he was present only as a citizen to meet the Legislature and the members.

Leaves Pension Office.

The Courier-Journal of Wednesday has the following to say of a deserving Paris boy: "Ray Mann, who has been a clerk in the Louisville Pension Agency since October, 1904, has tendered his resignation to take effect February 21. Mr. Mann resigns his position with the pension agency for the purpose of practicing law. He will open a law office in this city as soon as he serves his connection with the Government. Mr. Mann is from Paris, Ky., and has been regarded as one of the most efficient attaches of the local pension agency, and his superiors are loth to see him quit the service. He has fully equipped himself for the practice of his profession, having graduated from one of the Louisville law schools."

Mr. Mann is the youngest son of Judge and Mrs. Russell Mann, of this city, and we wish him success in his chosen profession.

Dying of Famine

is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearloss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me. Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at Oberdorfer's drug store. Price 50c and \$1 a bottle. Trial bottle free.

No Secret About It.

It is no secret, that for Cuts, Burns, Ulcers, Fever Sores, Sore Eyes, Boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25c at Oberdorfer's drug store.

Huge Task.

It was a huge task to undertake the cure of such a bad case of kidney disease, as that of C. P. Collier, of Cherokee, Iowa, but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach." Guaranteed by Oberdorfer, the druggist. Price 50c.

Prof. Lippard has had a large experience in training young men and women for good positions and placing them in same, and every young person possible should enter at the opening. Nothing pays better than a business education. Positions secured for all graduates, and Prof. Lippard has calls for more graduates than he can furnish.

Dangers of Defective Plumbing!

Defective plumbing permits the entrance into the house of sewer gas bearing germs or contagious disease to which the human system readily succumbs. Sewer gas is not necessarily generated in the sewer, but is frequently created in the plumbing system within the home and enters the apartments through defective fixtures. If in doubt, consult us regarding the piping and repairing defective fixtures with "STANDARD" Porcelain Enameled Ware, acknowledged as the best sanitary equipment.

Not a bill will pass the Kentucky Legislature this whirl without a scrutiny that will scrutinize—and it will be the people of Kentucky doing the scrutinizing act if the Legislature doesn't.

THE fact that the constitution of Kentucky forbids a member of the Senate taking a position created by the Legislature while he is a member of either branch thereof, cuts no figure with the administration nor with the Senator to be appointed to a Judgeship.

SECRETARY TAFT takes no less than 60 words in his answer to the charges of mismanagement on the Panama Canal, made by Poultney Bigelow. It is singular that so many words should be required where there is nothing wrong, as the Secretary and President insist.

THE election for United States Senator by the present Legislature is the strongest proof yet produced that U. S. Senators should be elected by the people. When it comes to such cattle as Percy Haley and his gang selecting and electing them for Kentucky, it is time for every true Kentuckian to hang his head in shame.

It is said that it is a poor rule that will not work both ways, but the new local option bill introduced in the Legislature seems to be one. It is a "county unit" bill and provides if the county as a whole goes dry, then every precinct in the county must be dry, but if the county goes wet, then the whole county is not "wet," but precincts already dry may remain so.

THERE is some talk of fencing in the pavement in front of the Baptist Church, on Main street, and using it for skating rink in the Winter and fishing pond in the Summer. We dislike to call the attention of the authorities to this pavement again, but a church has no more right to leave its property in the condition this pavement has been in for several months than any private citizen has. It is a nuisance of the worst order and should be rebuilt by the city, if the church does not take notice of it, before some citizen breaks his neck or is crippled for life.

AN effort is being made to pass a law making it a felony to carry concealed a deadly weapon, which we believe will only result in making the law non-effective. You would have a hard time to find a jury that would send a man to the penitentiary for such an offense, then the coward with the gun would go free. We don't need more law on this line, what we need is judges who will do their duty and send the pistol-toter to jail, instead of suspending the jail sentence when they are brought before them.

THE new Democratic Governor of Ohio says: "So long as the laws are on the statute books they are the will of the people, and every citizen should obey them. An officer who has taken an oath to enforce the ordinances and the laws and fails to do so should at once be removed."

What good citizen in any State in the Union can object to this declaration? It will be well if a motto similar to this could be framed and hung conspicuously in the office of every official, big and little, whose duty it is to see that the laws are enforced.

A BILL has been introduced in the Legislature to prevent exorbitant charges on the part of express companies. Every merchant, and others, who have occasion to send or receive goods by this method will join with us in saying this bill should pass. On some small packages the charges are almost prohibitive, especially during the holiday season, when you want to send a little remembrance to a friend, the express charges will frequently be more than the cost of what the package contains. Paris has no competition in this line and the Adams Express Co. is about as consciousness a corporation as can be found. Its rates are exorbitant and at the same time they expect its employees to do more work for less pay than any other corporation in existence.

Weeding Out the Boozers.

The Corbin Laborer of last Saturday says:

"There has been quite a stir in railroad circles this week over the discharge of about twenty men from the L. & N. shops and trains because of charges preferred against them by some unknown agent of being drunk and disorderly, and loafing around saloons. Some of the men discharged have been in the employ of the company for some years and are considered efficient and trustworthy men. Some are young men on trial, but are considered valuable and promising. For several months the company has warned their men against intoxicating liquors and some have been discharged, and it was thought the weeding out was almost complete and the almost wholesale discharge of men this week was a general surprise. We are informed that the charge generally was not drunkenness and disorderly conduct, but for loafing about saloons."

In another place it says: "We are certainly in an age of great things. Some of the railroad boys this week that were 'fired' for being in saloons, disclaimed guilt and demanded the proof. The ingenious work of the kodak was presented with their photos and surroundings, which was so strikingly realistic that their 'right hand almost forgot their cunning and their tongues almost clave to the roof of their mouths.' When they recovered they said: 'Some fellow ought to be killed.'"

Blythe's Wounds Prove Fatal.

James Blythe died at the residence of his father, Mr. George Blythe, near Glenkenney, Wednesday morning, from the effects of a wound inflicted by a rock thrown by Leslie Clarke, colored, on January 6.

Blythe was received into the Methodist Church by Rev. Lon Robinson on Saturday, realizing that he was going to die. He was 18 years of age. The negro, Clark, has been arrested on charge of murder and now awaits his trial in jail.

Funeral services were held at the grave in Paris cemetery on Wednesday afternoon at 3 o'clock.

Death of Prominent Citizen.

The announcement Tuesday morning of the death of Mr. A. Shire was received with universal regret and sorrow by the citizens of this community. Mr. Shire suffered a stroke of paralysis about five years ago, and since that his health had gradually failed him, although he had been able to superintend his business interests up to a few days ago. When he was preparing to visit his daughter in Cincinnati he suffered another stroke, from which there was no hope of recovery, passing away about one o'clock Tuesday morning.

Abraham Shire was a native of Germany, being born in Stadt, Landsfeldt, Saxony, nearly 66 years ago. When quite young he emigrated to this country, locating in Cincinnati, where he was educated and began working at the jeweler's trade at the age of thirteen years. After finishing his trade he entered in business for himself in Cincinnati. In 1862 he moved from Cincinnati to West Virginia, and from there to this city in 1865. His first business stand here was in the house on Bank Row, now occupied by the Kentuckian-Citizen. In 1869 he moved his store to Broadway, on the south side of the court house, and in 1877 moved to where his large jewelry establishment is today, on Main street. It will be noted that his entire business career in this city has been on the three sides of the court house.

Mr. Shire was for years President of the Paris Gas Co., and was identified with the banking institutions of our city, occupying numerous positions of trust and honor. He was married March 4, 1873, to Miss Carrie Price, daughter of the late Mr. and Mrs. John S. Price, of this city. To this happy union four children were born, of whom two survive, William Shire, of this city, and Mrs. Max Strauss, of Cincinnati.

"Abe" Shire, as he was familiarly called by his many friends, was held in the highest esteem by the people of this city and county. He was a man of good judgment and fine business qualifications, a man whose company was sought and appreciated by his friends, being possessed of a bright intellect and jovial disposition. Above all he was a man of the highest integrity, the very soul of honor. In his death his children lose a devoted and companionable father, his friends an honored associate, and the community one of its most highly respected citizens. Peace to his ashes.

The funeral services will be held at the chapel of the United Jewish Cemetery, Walnut Hills, Cincinnati, this (Friday) morning, at 11:30 o'clock. The remains will be taken from the residence of Isaac Price on Main street, to the 7:55 a. m. train this morning, in charge of the Masons, he being one of the five oldest members of the Paris Masonic Lodge.

It was reported yesterday that the Paris-Lexington interurban road, beginning to-day, will run a car every five minutes between the station on High street and the city limits. We tried to confirm the report, but failed. However, we trust it is true, for it would be of great convenience to the residents on South Main. We believe if the line was made to circle the town it would be a paying investment for the road.

Whose Say-so is Best?

With nearly all medicines put up for sale through druggists, one has to take the maker's say-so alone as to their curative value. Of course, such testimony is not that of a disinterested party and accordingly is not to be given the same credit as it is written from disinterested motives. Dr. Pierce's medicines, however, form a single and therefore striking exception to this rule. Their claims to the confidence of invalids does not rest solely upon their makers' say-so or praise. Their ingredients are matters of public knowledge, being printed on each separate bottle wrapper. Thus invalid sufferers are taken into Dr. Pierce's full confidence. Scores of leading medical men have written enough to fill volumes in praise of the curative value of the several ingredients entering into these well-known medicines.

Amongst these writers we find such medical lights as Prof. Finley Ellingwood, M. D. of Bennett Medical College, Chicago; Prof. Hale, of the same city; Prof. John M. Scudder, M. D. late of Cincinnati, Ohio; Prof. John King, M. D. late of Cincinnati, Ohio; Dr. Grover Coe, of New York; Dr. Bartholomew, of Jefferson Medical College, of Pa., and scores of others equally eminent.

Dr. Pierce's Favorite Prescription cures the worst cases of female weakness, prostration, anteverision and retroversion and corrects irregularities, cures painful periods, dries up disagreeable and weakening drains, sometimes known as pelvic catarrh and a multitude of other diseases peculiar to women. Bear in mind, it is not a patent nor even a secret medicine, but the "Favorite Prescription" of a regularly educated physician, of large experience in the cure of women's peculiar ailments, who frankly and confidently takes his patients into his full confidence by telling them just what his "Prescription" is composed of. Of other medicine put up for women's special maladies and sold through druggists, can it be said that the maker is not afraid to deal thus frankly, openly and honorably, by letting every patient using the same know exactly what she is taking.

Sick women are invited to consult Dr. Pierce, by letter, free. All correspondence is guarded as sacredly secret and womanly confidences are protected by professional privacy. Address Dr. R. V. Pierce, Buffalo, N. Y.

How to preserve health and beauty is told in Dr. Pierce's Common Sense Medical Adviser. It is free. For a paper-covered copy send Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps to cover mailing only; in cloth binding 31 stamps. Dr. Pierce's Pellets cure constipation.

Entitled to His Opinion.

"It was toward the end of the Civil War," said the veteran, nodding reminiscently, "and I was home on furlough. One day I happened to be in Cincinnati, and was standing in front of a hotel talking to a crowd, when the conversation turned to the likelihood of the war ending soon. The general opinion was that it would be some time before the country was at peace, but finally an old man spoke up and said: 'My son thinks it will be all over in a few weeks.' We all smiled, for I suppose the rest thought as I did, that 'my son' was in the greatest probability a high private in the rear ranks and knew as much about when an armistice or final peace might come as we did, but finally I asked the old man who his son might be, and you can imagine the astonishment of the crowd when the reply came: 'Why, Gen. Grant.'"—Columbus, O., Dispatch.

NATIONAL Grand Opera Co. to-night.

Gloomy Outlook.

"What's the matter, dear," asked the doctor's wife, "are you worried about Mr. Poorley's case?"

"Yes," replied the doctor, despondently.

"And there is no hope?"

"Very little. He says he doesn't expect to leave enough to pay more than one third of my bill."

NATIONAL Grand Opera Co. to-night.

Foiled Again.

"I'll admit," said Mrs. Hylo, "there are some things I don't know—"

"That's no lie," interrupted her husband.

"But," continued the alleged better half of the combination, "that man doesn't live who can tell me what they are."

SCENES from L'Trovatore to-night.

Both Were Barbarous.

Prof. Starr, the famous ethnologist, was in his humorous and whimsical way accusing woman of barbarism.

"And she is not only barbarous—she is illogical and inconsistent," he exclaimed.

"I was walking in the country one day with a young woman. In a grove we came upon a boy about to shin up a tree. There was a nest in the tree, and from a certain angle it was possible to see in it three eggs.

"You wicked little boy," said my companion, "are you going up there to rob that nest?"

"I am," the boy replied coolly.

"How can you?" she exclaimed.

"Think how the mother will grieve over the loss of her eggs."

"Oh, she won't care," said the boy. "She's up there in your hat."

The many friends of Judge J. T. Morford will regret to learn that he was stricken with paralysis last Friday at his home in St. Louis. He was for many years a dry goods merchant in our little town. Some few years ago he moved to St. Louis and has been in business in that city ever since. His wife was formerly Miss Bettie Frank Johnson, and is a sister of Mrs. Lou F. Cenway and Mrs. Rebecca Collier.
The heaviest storm in many years passed over our little city Monday afternoon between five and six o'clock, doing considerable damage. A portion of the chimney on the residence of Mr. J. F. Barbee was blown off; the delivery wagon of Jones Bros. was overturned with Rheuben Letton in it, no damage done; the plate glass was shattered in one of the front doors of the grocery of C. W. Howard; a small part of the roof was taken from the residence of Mrs. Vina Vimont and barber shop of Mr.

Flaughter; the tobacco barns of G. W. Leer and Thomas Pickersel were badly damaged, that of Mr. Pickersel was almost a total loss. It contained tobacco of Mr. John Bryan, which was in bulk and was not seriously damaged. Mr. Leer had sold his tobacco and had delivered it about a week ago. The storm caught Mr. W. G. McClintock near Black's Cross Roads with a drove of 35 mules, just purchased at Mt. Sterling, the mules became panic stricken and seven were lost, all of which have since been found.

"Among gentlemen and in courts of justice we do not know what 'chewing the rag' is."
"Yes," replied Judge O'Dougherty, "we won't have that expression again."
